Elavarasi, 9 years old is a charming and smart wish child, suffering from a life threatening illness and undergoing treatment for the same in Adyar Cancer Institute.

She is from Salem district but now is in Chennai temporarily with her parents for treatment. She doesn't like to be in Chennai. "I don't like this city; it has only given me pain (treatments) every time I visit" She has a younger sister. She has a very good bonding with her.

When the volunteers of Make-A-Wish® Foundation of India met this child, She was very shy to have a conversation. Later, as they made her feel comfortable, by letting her speak and talking to her about

Salem and her friends living there she was happy to talk about them.

When the volunteers asked about her most cherished wish she said she would like to have a Video Game. "I like to play games on mobile phone and I had always wished to have a video game to play whenever I want" says Elavarsi.

With the help of our donor PPN Power Generating Pvt Ltd we were able to fulfil Elavarsi's wish to have a Video Game with Barbie dolls and Board games as an enhancement. She was extremely ecstatic and kept thanking all for granting her wish.

The Video game, which brought Elavarasi's dream to her door steps, will be a constant reminder of hope, strength, and joy of a wish come true. She then happily posed for a picture with all smiles on her face.
