Hoshika was only a year old when she was diagnosed with a tumour. After that she has spent many days feeling ill and has even gone through extensive surgeries. But there was always one thing that brought smiles to her face 'Colouring' 'crayons'.

Hoshika looks like a typical 4 year-old kid, but the pain she has lived with all so far and the number of hospital treatments she's had, paint a different picture. Due to her illness she is unable to go to school and live a normal life as other children of her age do.

When Make A Wish volunteers met her in the hospital she was too weak to speak. It was difficult for the volunteers to make her feel comfortable. Later, when they saw her holding few colour pencils and a colouring book tightly in her arms the volunteers figured out that she likes to do colouring. When the volunteers asked her about her

most cherished wish she said she wish to have a jumbo colouring book and crayons. While she was explaining this to the volunteers she had a big smile on her face. And before the volunteers could leave she repeatedly asked them when her wish will be fulfilled.

With the help of our donor PPN Power Generating Pvt Ltd, we were able to fulfil Hoshika's wish to have a Colouring kit. Make A Wish team enhanced her with a Barbie dolls, She took a long time to pose for a picture because she didn't want to take her eyes off from the colouring book and the Barbie dolls. She then joyfully posed for a picture with a cheerful grin on her face.
