*Keshav, 6 years old is a charming and smart wish child, suffering from a life threatening illness and undergoing treatment for the same in Adyar Cancer Institute.*

*He likes to watch cartoons and his favourite cartoon character is Tom & Jerry. He has a lot of friends in school, but he doesn't like to go to school because his teachers are very strict as he is very talkative in class.*

*When the volunteers of Make-A-Wish® Foundation of India met this child, he was very shy to have a conversation. Later, as they made him feel comfortable, by asking him about his friends in school, he then become very enthusiastic and spoke to the volunteers about his best friends and how much he misses them.*

He was extremely ecstatic after seeing huge remote car and kept thanking all for granting his wish. He couldn't resist himself from playing with the car, and he immediately unpacked the box and started playing with it. Later, he posed for the picture with all smiles on his face.*

*Make A Wish team elated him with an enhancement which was like a cherry on the cake. "I am so happy today, I want to show it to my friends and play with it as soon as I reach home" says Keshav*
