When the Volunteers of Make A Wish Foundation of India met this child in the hospital, she was very shy to make a conversation because she is not fluent in English. Later, when they made her feel comfortable by talking to her about her country people and her friends in Mauritius, she was then making conversation with the volunteer with broken English.

While the volunteer was talking to her she interrupted the conversation and said "I love what you are wearing (salwar suit)". Later, the volunteer showed her some kid's Indian wear on her mobile phone; she was really fascinated by seeing them. When asked about her most cherished wish she promptly said " I wish to have a Indian outfit with all matching accessories and slippers"

With the help of our donor PPN Power Generating Company Pvt Ltd, we were able to fulfil Medha's wish to have a Pink salwar suit with accessories. She was filled with joy when she saw the pink salwar suit with accessories. " A minute before her wish was fulfilled she was in pain due to painful treatment. But after seeing the salwar suit she is very happy now. Thank you Make a Wish to grant my daughters wish and bring smile on her face" says Medha' mother.
