Prashanth, 9 year old is a charming and smart wish child, suffering from a life threatening illness and undergoing treatment for the same in Kanchi Kamakoti Child Trust Hospital.

He has an elder sister who is 18 year old. He likes to play with him and he eagerly waits for his brother to come back from school to play with him. He likes to play game on his father's mobile phone.

Apart from playing games on mobile phones, he likes to watch TV and his favourite TV star is Vadivel, he likes to watch all his movies because he finds his jokes very funny.

When the volunteers of Make-A-Wish® Foundation of India met this child in the hospital, he was feeling shy to have a conversation. Later, as they made him feel comfortable,

he shared his likes and dislikes. He also showed them his high scores record in mobile phone. When the volunteers asked about his most cherished wish he said he would like to have a Video game as his parents cannot afford to buy one for him.

With the help of our donor PPN Power Generating Pvt Ltd, we were able to fulfil Prashanth's wish to have a Video Game. He was extremely ecstatic and kept staring at the video game for a while. He had a big smile on his face. When the wish granters asked him to pose for a picture, he cheerfully posed with all smiles on his face.
