*Wish Story:*

Umesh, 5 year old boy is from a remote village of Andhra Pradesh. He is suffering from a life threatening illness and undergoing treatment for the same in Adyar Cancer Institute. His family has temporarily rented a room near to the hospital.

He is a very brave and smart wish child. At a very young age he has planned for his career. "When I grow old I want to become a Judge and give punishment to all sinners" says Umesh.

When the volunteers of Make A Wish Foundation of India met this child in the hospital, he was very happy to make a conversation with them. He told the volunteers about his best friends in school, his favourite game, and his favourite subject etc. He also mentioned that all his friends have a cycle and only he doesn't have a cycle. "I feel left out when I see my friends riding cycle. I wish I too had a

*cycle to join them” says Umesh.*

*When the volunteers asked him about his most cherished wish, he promptly replied that, he wishes to have a cycle. Which the volunteers already had known during the chat with him.*

*With the help of our donor PPN Power Generating Pvt Ltd, we were able to fulfil his wish to have cycle. So, Make-A-Wish Foundation<sup>®</sup> of India thought of elating the little kid by gifting him with other games as an enhancement. He was more than happy to receive the cycle, he immediately sat on the cycle and he joyfully posed for a picture with a cheerful grin on his face.*
