## one is 'Kolaveri'.

When the volunteers of Make-A-Wish® Foundation of India met this child, he was very happy to make a conversation; he spoke to the volunteers in such way that he knew them for a long time and shared about his likes, dislikes and family..

When the volunteers asked him about his most cherished wish he said he would like to have a Remote Helicopter since his uncle can't afford one for him. He also added that he had seen remote helicopter in few movies and cartoon channel and since then he wished to have a remote Helicopter.

With the help of our donor PPN Power Generating Company Pvt Ltd, we were able to fulfil Arkiya's wish To Have a Remote Helicopter. He was extremely ecstatic and kept thanking all for granting his wish.

When the wish granters gave him the Remote Helicopter he literally from the chair he was sitting and rushed towards them with all smiles on his faces.

"I have never seen such a thing in my life, to hold this Helicopter in my hand itself makes me feel so happy. I just can't wait to go back home and show this to my friends. Thank you so much!" says Arokiya. He then joyfully posed for a photo with all smiles.
